

PROTECTED INNOCENCE CHALLENGE

STATE ACTION. NATIONAL CHANGE.

The Protected Innocence Challenge is a comprehensive study of state laws that address domestic minor sex trafficking. Each year, states receive a report card grading its laws and an analysis and recommendations report that identifies areas for improvement. This study serves as a blueprint for policy makers and advocates to target efforts to address key gaps in state law for the protection of children.

236
bills relating to the
Protected Innocence
Challenge Framework
enacted in 42 states

933
bills related to domestic
minor sex trafficking
introduced in 50 states

15
