### **INDEPENDENT AUDITORS' REPORT**

Board of Directors Shared Hope International and Affiliates Vancouver, Washington

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Shared Hope International (a nonprofit organization), which comprise the consolidated statement of financial position as of June 30, 2016, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors Shared Hope International and Affiliates

### **Opinion**

In our opinion, the 2016 consolidated financial statements referred to above present fairly, in all material respects, the financial position of Shared Hope International as of June 30, 2016, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Report on Supplementary Information**

Clifton Larson Allen LLP

Our audit was conducted for the purpose of forming an opinion on the 2016 consolidated financial statements as a whole. The 2016 supplementary information on pages 21 and 22 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

### **NOTE 1. THE ORGANIZATION**

Shared Hope International (Shared Hope), Shared Hope Foundation (Foundation), and Trafficking Markets, LLC, hereafter collectively referred to as the Organization, are entities formed in the state of Washington. Shared Hope and the Foundation are not for profit corporations and Trafficking Markets is a limited liability company. The Organization's activities are consolidated in the accompanying consolidated financial statements.

Formed in November of 1988, Shared Hope strives to prevent the conditions that foster sex trafficking, restore victims of sex slavery and bring justice to vulnerable women and children. Shared Hope envisions world passionately opposed to sex trafficking and a community committed to restoring survivors to lives of purpose, value and choice – one life at a time. The purpose of the Foundation, formed in March of 2001, is to provide a long-term endowment for Shared Hope to help ensure that its projects will have a source of future financing. In addition, the Foundation is to provide for long-term projects that extend the mission of Shared Hope. Trafficking Markets was formed in April 2005 as a single member limited liability company, with Shared Hope being the sole member. The limited liability company operates Terry's House, an independent living home for survivors of sex trafficking.

The Organization's programs are designed to educate the public and to motivate and provide opportunities for taking action concerning the global problem of the trafficking of women and children for sexual exploitation and slavery. Its domestic and international programs are committed to prevention, intervention and restoration of the victims of sex trafficking. Shared Hope aims to bring justice by serving as advisors for enacting strong legislation that provides for the prosecution of both the buyers and sellers while protecting the victims. The Organization partners with groups worldwide to prevent sex trafficking and to rescue and supply shelter, healthcare, education, and vocational training opportunities for the victims of sex trafficking.

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies of the Organization.

**Consolidation Policy** – The consolidated financial statements include the accounts of Shared Hope International, Shared Hope Foundation and Trafficking Markets, LLC. Intercompany transactions between the entities are eliminated in the consolidation.

Basis of Accounting and Presentation – The accompanying consolidated financial statements have been prepared on the accrual basis of accounting and reflect all significant receivables, payables and other liabilities. Financial statement presentation follows the requirements of Statement of Financial Accounting Standards Financial Statements of Non-Profit Organizations. Under Financial Statements of Non-Profit Organizations, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. Unrestricted net assets include resources that are not temporarily or permanently restricted by the donor and are available for the operations of the consolidated entities without limitation. Temporarily restricted net assets are those whose use by the consolidated entities has been limited by donors to specific time period or purpose. Permanently restricted net assets are those that have been restricted by donors to be maintained in perpetuity.

Year Ended June 30, 2016

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Use of Estimates** – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents** – The Organization considers all highly liquid investments with original maturities of three months or less to be cash equivalents for reporting purposes.

**Investments** – Investments acquired by gift are recorded at their fair market value at the date of the gift. The Organization's policy is to sell the donated investments promptly upon receipt of the donation.

Investments are comprised of real estate investment trusts (REITs) and mutual funds. The investments with readily determinable fair values are reported at their fair values based upon quoted market values. Income earned from investments, including realized and unrealized gains and losses, is recorded in net assets classes based upon donor restrictions or the absence thereof.

The Organization has an endowment fund which contains both temporarily and permanently restricted assets. Investment earnings of the endowment fund are available to support the Organization's rescue/restoration programs as well as pay for administrative costs of the Foundation. The investment earnings are reported as temporarily restricted in the consolidated statements of activities until disbursed.

The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of financial position.

**Promises to Give** – Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses, depending on the form of the benefits received. Promises to give, which are reported as pledges receivable in the consolidated financial statements, are unsecured. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

The Organization uses the allowance method to determine uncollectible promises to give. The allowance is calculated based on prior years' experience and management's analysis of specific promises made.

**Inventory** – Inventory in the accompanying consolidated statements of financial position consists primarily of books, DVDs, t-shirts, printed materials, and office supplies. In recent years, Shared Hope has added awareness and training resources to its inventory. The Organization's inventory is recorded at the lower of cost or market on a first-in, first-out basis. Many of the inventory items are given to donors as a "thank you" for their donation.

Year Ended June 30, 2016

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Property and Equipment** – Property and equipment are recorded at cost, if purchased. It is the Organization's policy to capitalize expenditures for items in excess of \$1,000. Expenditures for additions, major renewals, and betterments are capitalized, and expenditures for repairs and maintenance are charged against expensed as incurred. The cost of assets retired or otherwise disposed of and the related accumulated depreciation is eliminated from the accounts in the year of disposal with the resulting gain or loss credited or charged to operations. The recorded value of equipment and other capital assets used in the Organization's International and Domestic Partners' programs are expensed as incurred when the Organization does not retain title.

Depreciation on property and equipment is computed on the straight-line basis over the estimated useful lives of the assets. Leasehold improvements are depreciated over the life of the property or the term of the lease, whichever is shorter.

Donations of property and equipment are recorded as contributions at fair value as of the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

**Restricted and Unrestricted Revenue and Support** – Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor-imposed restrictions. When projects are completed and restricted funds remain, every effort is made to use the excess funds in like or similar projects.

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. Contributions with donor-imposed restrictions that are met during the same year as the contribution is made are included in unrestricted support that increases unrestricted net assets.

Registration fees received prior to the period in which the program or activity takes place are reported as deferred revenue on the consolidated statement of financial position.

Year Ended June 30, 2016

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Functional Allocation of Expenses** – The costs of providing various programs and supporting activities have been summarized on a functional basis in the consolidated statement of activities and in the consolidated statement of functional expenses. Certain costs have been allocated between the program and supporting services benefited. Such allocations are made on the basis of cost accounting information available and the judgment of management.

**Gifts-in-kind** – In-kind contributions of materials and supplies are recorded when there is an objective basis upon which to value these contributions and where the contributions are an integral part of the Organization's activities. The Organization receives the benefit of donated services, which are recognized if the services received create or enhance nonfinancial assets or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

**Advertising Expenses** – Advertising costs are charged to income during the year in which they are incurred. Advertising expense for the year ended June 30, 2016 was \$19,189.

**Income Taxes** – The Organization is exempt from Federal and State income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an Organization that is not a private foundation under Section 509(a)(2). Accordingly, no provision for income taxes has been included in the consolidated financial statements.

The Organization recognizes the tax benefit from uncertain tax positions only if it is more likely than not that the tax positions will be sustained on examination by the tax authorities, based on the technical merits of the position. The tax benefit is measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement.

Effective with the year ended June 30, 2011, the Organization elected the expenditure test under section 501(h) as an alternative method for measuring lobbying activity. The election provides a specific dollar amount the organization can spend on lobbying during the year without the burden of proving the amount is not substantial. Management believes the Organization's lobbying activities are within limits allowed by relevant tax law.

**Subsequent Events** – Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are issued. The Organization recognizes in the financial statements the effects of all subsequent events that provide evidence about conditions that existed at the date of the statement of financial position, including the estimates inherent in the process of preparing the financial statements. Subsequent events that provide evidence about conditions that arose after the statement of financial position date are not recognized in the financial statements. Management has evaluated subsequent events through December 21, 2016, which is the date the financial statements were available to be issued.

Year Ended June 30, 2016

### NOTE 3. CASH AND CASH EQUIVALENTS

At certain times during the year, the level of cash held may exceed federally insured limits. Bank deposits are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 per institution. The cash balance reported in the accompanying consolidated financial statements may differ from the amount held on deposit due to deposits in transit or outstanding checks that have not cleared the bank as of the statement of financial position date.

### **NOTE 4. FAIR VALUE AND INVESTMENTS**

The Organization uses fair value measurements to record fair value adjustments to its endowment investments and certain other assets. The *Fair Value Measurements* topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

**Level 1**: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

**Level 2**: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

**Level 3**: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The fair values of trading and available for sale securities are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs) or matrix pricing, which is a mathematical technique widely used to in the industry to value debt securities without relying exclusively on quoted prices for the specific securities, but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The Organization recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels in the year ended June 30, 2016.

Year Ended June 30, 2016

## NOTE 4. FAIR VALUE AND INVESTMENTS (CONTINUED)

#### NOTE 5. PROMISES TO GIVE

Promises to give, which are reported as pledges receivable in the consolidated financial statements are stated at the value expected to be received and consist of the following at June 30, 2016:

Receivable in less than one year	\$ 113,096
Receivable in one to five years	7,930
Receivable in more than five years	-
Allowance for uncollectible pledges	 (15,854)
	\$ 105,172

Conditional Promise to Give – In May 2014, the Organization was awarded a three-year grant for \$331,500 to expand its development program. The grant terms indicate that the funds are to be used towards compensation for a senior director and manager of growth strategies, as well as travel costs and computer equipment for these two positions. The grant included \$224,500 awarded without conditions which was recorded as a grant receivable as of June 30, 2014. Receipt of the remaining \$107,000 is contingent upon the Organization raising matching funds according to the grant stipulations. Since the \$107,000 represents a conditional promise to give, the amount is not recognized as revenue until the conditions are met. During the year ended June 30, 2016, the Organization met the year two contingency and received \$50,000 of the conditional grant funds.

#### NOTE 7. ENDOWMENT FUNDS

The Organization's endowment currently consists of funds given to the Mannisha Life Endowment Fund. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – The management of the Organization has interpreted the State of Washington's Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted funds:

- (1) The duration and preservation of the fund.
- (2) The purposes of the Organization and the donor-restricted endowment fund.
- (3) General economic conditions.
- (4) The possible effect of inflation and deflation.
- (5) The expected total return from income and the appreciation or depreciation of investments.
- (6) Other resources of the Organization.
- (7) The investment policies of the Organization.

Endowment fund net asset composition by type at June 30, 2016:

	Unrestricted		Temporarily Restricted		Permanently Restricted		Total	
Donor-Restricted Endowment, June 30, 2016	\$		\$ 43,002	\$	71,419	\$	114,421	

As of June 30, 2016, the Organization had no board-restricted endowment funds.

Year Ended June 30, 2016

### NOTE 7. ENDOWMENT FUNDS (CONTINUTED)

Changes in endowment net assets for the year ended June 30, 2016 are as follows:

**Funds with Deficiencies** – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, no deficiencies of this nature were required to be reported in unrestricted net assets as of June 30, 2016. If these deficiencies were to exist, they would most likely result from unfavorable market fluctuations.

Return Objectives and Risk Parameters – The Organization has adopted an investment policy for endowment assets that attempts to provide a predictable stream of funding for the payment of obligations and mission-related expenses, administrative expenses and the growth of financial surplus, while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Finance and Audit Committee, the endowment assets are invested in a manner that is intended to produce results that provide a reasonable balance between the quest for growth and the need to protect principal. The Organization expects its endowment funds, over time, to provide an average rate of return of approximately 5.5% annually. Actual returns in any given year may vary from this amount.

**Strategies Employed for Achieving Objectives** – To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Year Ended June 30, 2016

### NOTE 7. ENDOWMENT FUNDS (CONTINUTED)

**Spending Policy and How the Investment Objectives Relate to Spending Policy** – The Organization has a policy of appropriating for distribution each year the income earned on the endowment funds. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long-term, the Organization expects the current spending policy to remain consistent. This is consistent with Organization's objective to preserve the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

#### **NOTE 8. NET ASSETS**

Temporarily restricted net assets are available for the following purposes or period as of June 30, 2016:

Terry's House shelter property and operations	\$ 299,709
Pledges receivable at June 30, 2016	105,172
Earnings from endowment fund yet to be disbursed	43,002

Total Temporarily Restricted Net Assets	\$ 980,504

Permanently restricted net assets include amounts donated to the Mannisha Life Endowment Fund totaling \$71,419 as of June 30, 2016.

#### NOTE 9. GIFTS-IN-KIND

Shared Hope receives contributions in the form of donated services, supplies, and other assets. If it were not for gifts-in-kind, the purchase of these vital components and the services of these volunteers for its programs would be restricted to the availability of cash funds. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose.

Year Ended June 30, 2016

### NOTE 9. GIFTS-IN-KIND (CONTINUED)

In-kind donations reported in the accompanying consolidated financial statements consist of the following for the year ended June 30, 2016:

Managerial services	\$ 223,800
Professional services	8,000
Printing and supplies	 1,777
	\$ 233,577

The Organization receives donated services, primarily for administrative and fundraising support, which do not require specific expertise, but are nonetheless central to the Organization's activities. The estimated value of these services, based on the minimum hourly wage, amounts to \$45,344 for the year ended June 30, 2016. As required by generally accepted accounting principles, the value of these services is not reflected in the consolidated financial statements.

#### NOTE 10. GRANTS TO OTHERS

The Organization partners with several foreign nonprofit organizations in order to help rescue and restore victims of sex trafficking by providing them with shelter, healthcare, education and vocational training opportunities. The Organization has found that supporting established, local nonprofit organizations in foreign countries is the most effective way to meet these goals due to legal and cultural differences. The Organization's staff oversees these projects to ensure monies are utilized in compliance with the grant agreements in place.

The Organization also partners with organizations across the United States providing services to domestic trafficking victims across the country. Guided by principals garnered through over a decade of research and partnerships with international and local partners, the Organization provides small grants to support emerging trends in service delivery, building upon the goal of the Organization's National Restoration Initiative to build an array of service options to provide tailored, trauma-informed services to survivors. As with the international grants, the Organization's staff monitors these projects to ensure monies are utilized in compliance with the grant agreements in place.

Funds granted to nonprofit organizations are recorded as grants to others in the accompanying consolidated statement of functional expenses and totaled \$503,537 for the year ended June 30, 2016.

#### **NOTE 11. OPERATING LEASES**

Beginning January 1, 2014, the Organization entered into a three-year non-cancelable lease for office space in Vancouver, WA at a rate of \$3,960 per month plus shared utilities. Effective January 1, 2015, the monthly lease payment increased to \$4,150. The lease expires December 31, 2016, and contains an option to negotiate a three-year lease.

Year Ended June 30, 2016

### **NOTE 11. OPERATING LEASES (CONTINUED)**

In addition, the Organization leased office space in Arlington, VA under a non-cancelable lease which commenced on April 1, 2007. The third lease amendment was initiated effective November 1, 2014 and expired October 31, 2015. The monthly lease payment increased 3% annually and included an annual prorated charge for operating expenses.

The Organization entered into a new three-year three-month non-cancelable lease for office space in Arlington, VA effective February 1, 2016. The initial monthly lease payment under this lease is \$4,406, and the landlord waived the first four months' rent. The monthly lease payment increased 2.5% annually and includes an annual prorated charge for operating expenses.

Rent expense reported in the accompanying consolidated statement of activities was \$78,232 for the year ended June 30, 2016.

Future minimum lease payments are as follows for the years ending June 30:

2017	\$	77,767
2018		52,867
2019		44,056
	<u>\$</u>	174,690

### **NOTE 12. JOINT COSTS**

Certain direct and indirect joint costs are incurred by the Organization's programs to educate the American public. When public education program activities are combined with a fundraising appeal, accounting principles generally accepted in the United States of America prescribe conditions under which costs may be split between fundraising and program activities. If these conditions are not met, then the entire amount must be treated as a fundraising cost.

The conditions to be met include three criteria tests: purpose, audience and content. When these criteria are met, the expenditures of the Organization's joint activities are allocated between fundraising and the Organization's related programs. In educating the public about human trafficking activities, Shared Hope incurred certain joint costs for informational materials, events and its website.

The functional allocation of these joint costs for the year ended June 30, 2016 is summarized as follows:

Domestic Public Education	\$ 382,046
International Public Education	3,667
Fundraising	220,582
Administration	 508
	_
	\$ 606,803

Year Ended June 30, 2016

### **NOTE 13. EMPLOYEE BENEFIT PLAN**

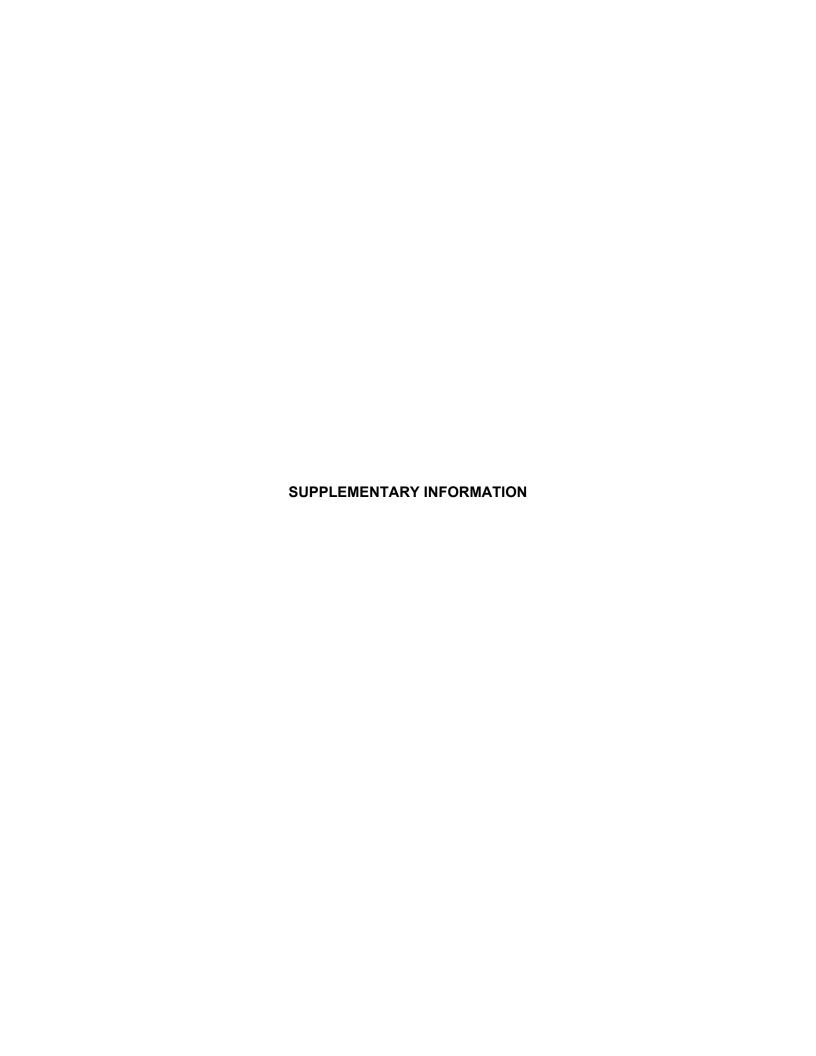

The Organization maintains a 401(k) plan (the Plan) for all eligible employees. Employees may contribute a percentage of their salary to the Plan subject to statutory limits. The Organization has made matching contributions in an amount equal to 3% of each eligible participant's compensation totaling \$18,197 for the year ended June 30, 2016. In addition, the Plan provides for discretionary contributions as determined by the Board of Directors. No discretionary contributions were made for the year ended June 30, 2016.

#### NOTE 14. UNCONDITIONAL PURCHASE OBLIGATION

Unconditional purchase obligations relate to commitments to make payments in the future for fixed or minimum quantities of goods or services at a fixed or minimum price. In December 2015, the Organization entered into an agreement for facilities and catering services for its JuST (Juvenile Sex Trafficking) Conference to be held in November 2016 in Washington, D.C. The agreement contains a provision that the Organization will incur a minimum of \$50,000 in food and beverage charges and generate a minimum of \$153,768 in sleeping room revenue. The food and beverage guaranteed amount is required to be paid, regardless of whether the Organization actually charges that amount. In addition, if less than the minimum sleeping room revenue is generated by attendees, than the Organization will be required to pay the difference between actual revenue and the minimum guaranteed. If the Organization were to cancel this event, the Organization would pay the hotel, within thirty (30) days after any cancellation, as liquidation damages a total of \$209,710 plus applicable taxes.

#### **NOTE 15. RISKS**

The sex trafficking industry is fraught with dangers that could result in serious consequences to any party that discloses information about the details of sex trafficking operations or that works to prevent such operations from continuing. The Organization is heavily involved with research and related activities which are aimed at revealing information about the details of the sex trafficking industry and with helping sex trafficking victims reach freedom. In addition, the Organization is committed to bringing justice to victims of sex trafficking by supporting the development of global, federal and state policies and legislation.
