

Report Cards on Child & Youth Sex Trafficking

State Action. National Change.

WASHINGTON

The Report Cards on Child & Youth Sex Trafficking Advanced Legislative Framework builds on the original Protected Innocence Challenge Framework, preserving the most fundamental components while including new policy priorities that reflect feedback and research from the field—particularly in the area of victim protections. The advanced framework will be used to grade the states next fall when we release the inaugural Report Cards on Child & Youth Sex Trafficking. As such, the 2021 legislative session is a critical time for your state to strengthen its laws before report cards and corresponding grades are issued.

So, what is **WASHINGTON**'s current score and what changes are needed? As of August 1, 2019, **WASHINGTON HAD RAISED ITS GRADE FROM B TO A:**

WASHINGTON

2019	SCORE	GRADE	10	24.5	15	9.5	22	12.5
	93.5	A	$\frac{10}{10}$	$\frac{24.5}{25}$	$\frac{15}{15}$	$\frac{9.5}{10}$	$\frac{22}{27.5}$	$\frac{12.5}{15}$
								
2011	SCORE	GRADE	6	21.5	13.5	9.5	19.5	10
	80	B	$\frac{6}{10}$	$\frac{21.5}{25}$	$\frac{13.5}{15}$	$\frac{9.5}{10}$	$\frac{19.5}{27.5}$	$\frac{10}{15}$

Washington's human trafficking law applies to buyers of sex with minors without requiring trafficker-involvement or use of force, fraud, or coercion.

However, minors may be prosecuted for prostitution offenses unless diverted; if diverted, child sex trafficking victims can access specialized services.

To support implementation of the Report Cards on Child & Youth Sex Trafficking Advanced Legislative Framework, our Policy Team will remain available to provide rapid, technical assistance to support legislators, advocates, and state agencies; technical assistance requests can be submitted [here](#).
